## Accessing ArcGIS Pro via ArcGIS Online

Unlike ArcGIS for Desktop (ArcMap), ArcGIS Pro uses individually assigned licenses for user access. This is done via ArcGIS Online, the ESRI cloud solution. If you have been granted a license you will have received an email from ESRI via Adam Skibbe (adam-skibbe@uiowa.edu) noting that you've been added to the organizational account for the University of Iowa (https://uiowa.maps.arcgis.com/). From this point, follow any instructions in the email, and to login to Pro see the following steps.

1. Click on "Your ArcGIS Organizations URL". You may click on "sign me in automatically" if you're using a personal device.

ArcGIS Sign In		×			
	ArcGIS Pro wants to access your ArcGIS Online account information (?)				
	Sign in with Gesri				
	ArcGIS login ^				
	username				
	A Password				
	Sign In Cancel				
	Forgot username? or Forgot password?				
	Your ArcGIS organization's URL				
	0 0 0				
	Privacy				
☑ Sign me in auto	matically Configure your licensing options				

2. Where the box is blank for your organization... enter "uiowa" (no quotes" as shown below). Click "continue".

ArcGIS Pro wants to	o access your An	cGIS Online a	ccount information 🕐
